Selection committee

A selection committee appointed by the Cricket Switzerland Committee and /or the international Match Manager, will advise the International Match Manager and Coach, of players in all positions, they consider worthy of selection for the National Team.

Player and Team selection will be the responsibility of the (IMM) International Match Manager (supported by the selection committee)

IMM is responsible for organizing tours, home and away, including squad selection. Players are responsible for organizing their own transport to events (to Swiss grounds for home matches and flights to a designated airport for tours - for tours a copy of the flight booking must be with the IMM a minimum of 1 month prior to the tour -if this has not been achieved the player may be replaced).

IMM is responsible for collating performance from the completed scorebooks, and reviewing individual & team performances with players and the selection committee.

Captaincy

The captain will ideally be selected for the whole season to encourage development and team bonding. However, if this is not possible, a captain may be appointed on a tour-by-tour basis.
